## WORK EXPERIENCE

### Associate Developer

BTS Strategy Alignment and Execution Pvt. Ltd

10/2023 - Present

Mumbai, India

#### Responsibilities

- Work closely with consultants to understand their needs and deliver tailored solutions.
- Collaborate cross-functionally with teams such as Project Management, UI/UX Design, and Quality Assurance to ensure seamless project execution.
- Designed and implemented responsive, accessible user interfaces using Angular to enhance user experience.
- Implemented clean, modular, and maintainable code to support scalability and team collaboration.

## PERSONAL PROJECTS

### AIT YCP Student Management System

- This is the group project.
- The AIT YCP Student Management System is a web application designed to assist AIT YCP in monitoring and overseeing student records.
- It encompasses functions for storing various student details, including names, addresses, contact information, academic achievements, attendance records, and disciplinary histories.
- Additionally, the AITSMS facilitates the management of student engagements like extracurricular pursuits, clubs, and organizations.
- Technologies Used: React, Spring Boot, MySQL
- Github: <https://github.com/Huzaifa164/ait-ycp-student-management-system>
